

This completes your 6 piece basic wardrobe for the Barbie type doll. You may use the basic underwear pieces or patterns for most other wardrobes or costumes. And if you like, you may add various decorative details to the basic dress, jacket and skirt to vary the styles or even intermix with several other identical pieces in different contrasting colors or plaids, prints, etc.; thus giving a larger wardrobe.

THE BASIC WARDROBE

THE BASIC SHEATH DRESS: Cut dress from same basic fabric as used for the jacket and skirt, in order to interchange the outfit for your basic wardrobe. Seam darts, and seams on both bodice and skirt of dress. You may make tucks or gathers on skirt whichever you prefer. Finish placket in back with doll zipper or tiny snaps or hooks. Stitch bodice and skirt together, then hem skirt, neckline and armholes.
